

Father's Day

Spoil the superhero in your life with an Aloe Ferox Father's Day facial combo:

- 100 ml *AFTER SHAVE TONE* – a 2-in-1 alcohol-free after shave/facial toner. It contains fresh-pressed aloe, lemon oil, witch hazel, chamomile, and ginger extracts to restore the natural pH of the skin and improve skin tone.
- 150 ml *MOISTURE 4 HIM* – a lightweight hydrating facial moisturiser enriched with fresh-pressed aloe, as well as apricot, avocado, jojoba, and coconut oil.

Men are more inclined to take care of their skins these days, however, managing a full skin care routine can be quite intimidating. It is important though, to note that a good skin care routine demands consistency – even just daily use of an appropriate cleanser and moisturiser will prove great results. There are several predefined skincare sets for all skin types and genders available at special pricing. All sets cover cleansing, toning, renewing, and moisturising. Enhance your grooming experience by adding *REFINING SCRUB*, *REJUVENATING ESSENCE* or Lift (serums), as well as *SUN CARE LOTION* or Ultraviolet (UV protection) to your skin care routine.

Vadersdag

Bederf die held in jou lewe met 'n Aloe Ferox Vadersdag-geskenkpak:

- 100 ml *AFTERSHAVE TONE* – 'n 2-in-1 alkoholvrye naskeermiddel/verfrisser. Dit bevat vars-geperste aalwyn, lemoenieolie, "witch hazel"-, kamille-, en gemmer-ekstrakte wat help om die vel se natuurlike pH te behou, asook 'n egalige veltekstuur te handhaaf.
- 150 ml *MOISTURE 4 HIM* – 'n nie-olierige gesigbevogtiger wat verryk is met vars geperste aalwyn, appelkoos-, avokado-, jojoba- en klapperolie.

Mans is deesdae meer geneig tot goeie velversorging, maar dit kan nogal intimiderend wees om 'n volledige velsoorgroetine aan te pak. Dit is egter belangrik om te onthou dat die sukses van 'n velsoorgroetine nie in die hoeveelheid produkte lê nie, maar eerder in volgehoue herhaling – die daaglikse gebruik van slegs 'n gepaste reiniger en bevogtiger, sal alreeds 'n groot verskil maak. Aloe Ferox het verskeie voorafsaamgestelde velsoorgestelle vir alle veltypes en geslagte teen spesiale pryse beskikbaar. Al die stelle sluit reiniging, verfrissing, hernuwing, en bevogtiging in. 'n Basiese velsoorgroetine kan uitgebrei word met die toevoeging van *REFINING SCRUB*, *REJUVENATING ESSENCE* of Lift (serums), sowel as *SUN CARE LOTION* of Ultraviolet (UV-beskerming).

ENGLISH

Both our greyhounds developed hot spots. We tried several different products, without any real success. We then tried the Aloe Ferox products by mixing *BITTER POWDER* with *SUPERALDE GEL* and applying it twice daily. We also applied *RESIST-A-BUG* during the day. The lesions healed within 1 month and the hair grew back – we can barely see where the hot spots were. We are thankful that Aloe Ferox was able to help our fury family.

AFRIKAANS

Albei ons windhonde het "hot spots" ontwikkel. Ons het verskeie produkte probeer, maar sonder enige sukses. Ons het toe besluit om die Aloe Ferox-produkte 'n kans te gee en het *BITTER POWDER* met *SUPERALDE GEL* gemeng en 2 keer per dag aan die seerplekke gesmeer, en tussendeur *RESIST-A-BUG* aangespuit. Binne 'n maand het die letsels heeltemal genees, die hare het teruggegroeï, en ons kan skaars sien waar die "hot spots" was. Ons is dankbaar dat Aloe Ferox-produkte ook voordelig is vir ons honde-kinders!
