

ENGLISH: On January 4, 2023, I suffered serious burns with boiling water. The burns extended from my fingers to nearly my elbow. After the burn, I immediately started using *SUPER ALOE GEL*. I applied a gauze dressing with a thick layer of *SUPER ALOE GEL* to the wounds twice daily and covered it with a crepe bandage. *SUPER ALOE GEL* prevented the large blisters that had formed from bursting. After the fluid from the blisters drained, I left the wounds open. During the day, I regularly applied *SUPER ALOE GEL* directly to the burns, followed by *MATURE* and *REJUVENATING ESSENCE*. In the evenings, I applied *SUPER ALOE GEL*, followed by *ULTRA-RICH NIGHT* and *REJUVENATING ESSENCE*. I wanted to keep the skin as moist as possible to prevent the new skin from becoming dry and cracking, thus avoiding scarring. It's amazing that within 20 days new skin formed under the damaged skin, and without a single scar! Sarah van Niekerk

AFRIKAANS: Op 4 Januarie 2023 het ek ernstige brandwonde opgedoen met kokende water. Die brandwonde was vanaf my vingers tot naby my elmboog. Ek het onmiddellik begin met dik *SUPER ALOE GEL* en gaasverband 2 x per dag op die wonde, en met 'n crêpeverband toegedraai. Ek glo die *SUPER ALOE GEL* het verhoed dat die groot blase oopbars. Nadat die vog uit die blase gelek het, het ek die wonde oopgehou. Bedags het ek gereeld *SUPER ALOE GEL* direk op die brandwonde gesmeer, en opgevolg met *MATURE* en *REJUVENATING ESSENCE*. Saans het ek ná die *SUPER ALOE GEL* opgevolg met *ULTRA-RICH NIGHT* en *REJUVENATING ESSENCE*. Ek wou die vel so vogtig as moontlik hou sodat nuwe vel wat vorm, nie droog word, kraak en littekens veroorsaak nie. Dit is amper ongelooflik dat die nuwe vel onder die beseerde vel binne 20 dae gevorm het, en dit sonder 'n enkele letsell! Sarah van Niekerk
